Private Road Name Application

Please fill in the blanks below and return to:

Yadkin County E-911 Addressing

P.O. Box 1688/ 213 E. Elm St

Yadkinville, NC 27055-1217

PLEASE READ CAREFULLY

If you are planning to name a private road, it is very important for emergency purposes that you select a name that is unique and unlike any other name being used by the County.

E-911 Addressing will determine whether the names you have selected are acceptable. **Duplicate names or names that sound the same to one that already exist will be rejected.** Names that are offensive or vulgar will also be rejected.

You and anyone using this new private drive to access a home or business, will be required to use the new road name and numbers as their physical address.

It is necessary for you to stake the spot where the new road sign will go. A stake with the name will be provided to you at no charge. The administrator will be calling the applicant to arrange for the utilities locator to check the proposed location. If it is not clearly marked, the sign will not be put up at that time. Normally it takes 8 to 10 weeks for the road sign to go up depending upon the weather. After 8 weeks call 336-679-4243 to check on the status of your sign.

All property owners whose land touches this new road will have the opportunity to help name the road. A majority of the property owners must agree on a name and must sign the back of this form. **It is not the responsibility of E-911 Addressing to get these signatures for you.**

Naming a private drive does not mean it is open to the general public. Private drives are not maintained by the state or county. Private drives are not to be blocked by the property owners after it is named.

If this form is not returned within 30 days, you will forfeit your ability to name the road and a road name will be chosen for you by the county staff.

You will need to indicate on the tax map the approximate location of the road and all structures using this private drive.
